### Secura Key Limited Warranty (United States and Canada)

**Secura Key products are warranted against defects in materials and assembly for three (3) years.** In the event that any Secura Key manufactured product fails to perform as intended during the warranty period, Secura Key will replace the defective product with a new or refurbished product. This is subject to the equipment being installed in accordance with the instructions and used appropriately in suitable conditions. **The warranty period begins on the date of shipment from our factory, or if sold through a Distributor, on the date of sale (original receipt or documentation is required).** This warranty does not include your cost for taxes, duties, or installation expenses.

**Warranty claims require a Return Material Authorization (RMA).** Simply call our Technical Support Department at **877-850-3452** for help in evaluating your problem. If no resolution is achieved over the phone, request an RMA Request form, and then complete and submit the form to Secura Key to initiate the Warranty process. Refer to Secura Key's website for a downloadable RMA form.

Return of **E\*TAG® AND RADIO KEY® READER AND CARD** defective products shall be at the discretion of Secura Key. # TERMS AND CONDITIONS

## LIMITED WARRANTY

**Touchcard™ and Control Panel** defective product must be returned to the factory within 30 days of the issuance of the RMA, or the customer account will be charged the full cost of the replacement product.

If Secura Key agrees to replace a defective product under the terms of this warranty, no extension of the original warranty period will occur.

### Non-warranty replacements

Non-warranty replacements are granted a warranty of 180 calendar days for all products. For all non-warranty replacements, even if no trouble is found with the returned unit, Secura Key charges a fixed price for the replacement unit (see current price list). At its sole option, Secura Key may replace your equipment with equivalent reconditioned equipment. A New Purchase Order is required for all non-warranty replacements.

For all Non-Warranty Replacements, you must ship the defective unit to Secura Key within 30 days, or you will be charged the full price of the replacement unit, less the non-warranty replacement cost. Return shipping charges are the Customer's responsibility and will be added to the invoice.

### Credit returns

At its sole discretion, Secura Key will issue the Customer a credit equal to the purchase price, minus a fifteen percent (15%) restocking charge, for all Secura Key approved returns for Standard Products (excluding Software Products). Standard Products may only be returned for credit within 90 days of the date of purchase from Secura Key. The Standard Product must be new and in complete original factory packaging with the unbroken original seal. Credit will not be issued for damaged, shop worn or previously installed Standard Products, or for Standard Products which have missing parts or which have defaced or damaged packaging. Freight to Secura Key's facility will be at Customer's expense. No Custom Products (including, without limitation, custom cards, standard cards, tags, keys, or transponders that have been programmed, encoded or marked to customer specifications, or custom-built readers with customer-specified hardware or firmware) can be returned to Secura Key for credit for any reason other than for a warranted Product defect.
