Secura Key Announces Installation Photo Contest

CHATSWORTH, CALIFORNIA - Secura Key announces the "Installation of the Quarter Photo Contest!" Secura Key is looking for interesting, unique or significant applications featuring SECURA KEY products. The contest winner will be featured as the Installation of the Quarter on Secura Key's new improved Facebook Page, and they will also be the recipient of a Gift Card.

Entrants must submit up to 6 good quality photos of a recent installation done using Secura Key products. (A YouTube Video is also acceptable). Photos or personnel using the system are desired, as well as photos of the equipment being installed or photos of the installation crew posed in front of their shop or installation truck.

Further information about the installation should include the client, type of business or facility location, type/quantity of Secura Key components, anything unique, interesting or unusual about the installation, and a description of any difficult challenges that had to be overcome.

Entrants can submit details about their business, such as name and location, number of employees, specialties, and anything else that they want to share. Submitted Photos become the property of Secura Key. Secura Key may also publish photos from non-winning entrants.

About Secura Key

For over 40 years, Secura Key has manufactured access control systems, cards, keytags and readers. Originally well known for its Barium Ferrite TouchCard™ products, Secura Key now provides software-based systems with proximity technology, and also supplies HF contactless smart card readers and credentials to the RFID industry, as well as UHF cards and keytags. Secura Key also offers in-house custom card manufacturing and 4-color printing in a wide variety of card technologies.

Secura Key's manufacturing plant and general offices are located in Chatsworth, California. Further information on Secura Key is available at <http://www.securakey.com>.
