## Secura Key Updates Printer in its Photo ID Kits

**CHATSWORTH, CALIFORNIA** Secura Key is pleased to announce that it has updated its entry level SK-EZ/IDKIT3 to include the new Ultra Magicard Pronto Printer.

SK-EZ/IDKITs are complete packages that include everything you need to begin making color photo identification badges using your access control cards. SK-EZ/ID software has been specially designed to integrate with SK-NET™ access control software, eliminating the need to input data in two separate databases. Easy-to-use badge design templates are provided, as well as all the tools you need to create your own special look.

Each kit includes a quality Magicard printer, covered by a comprehensive 2-year warranty, plus a webcam, cables and a YMCKO ribbon to get you started. SK-EZ/ID software is also available separately in single user or client/server versions.

The Magicard Pronto printer features single card feed that allows you to produce a personalized card on demand in moments. It offers edge-to-edge and sharp image quality for simple and easy card printing in a compact and highly reliable package. Its light and compact design makes it easy to transport to any location and reside on any counter or desktop. The Magicard Pronto ID card printer now features the ability to write and erase rewritable cards. The Magicard Pronto printer delivers card visual security with its built-in HoloKote anti-counterfeiting watermark feature.

Secura Key products are available through major distributors of security, access control, locking hardware and gate control equipment.

### About Secura Key

For over 38 years, Secura Key has manufactured access control and RFID products, pioneering the use of new card technologies in the security industry. Reader technologies include contactless smart cards, proximity, and other leading technologies.

Secura Key's modern card/tag production plant is expert at packaging a wide variety of Access Control and RFID transponders in durable plastic packages, featuring 4-color graphics, custom form factors and encrypted data.

Secura Key's manufacturing plant and general offices are located in Chatsworth, California. Further information on Secura Key is available at <http://www.securakey.com>.
